

Baby, I'm Lost

(Thanks to Billie again)

get it get it  
let's get

ain't nobody's business  
the church  
last nickel  
the cabaret  
in a pickle

if i stay in bed  
if i...

blue fool  
don't quit me  
you started somethin'  
take a number  
them there eyes  
get in line

change the tempo

gimme a pigfoot

blame it on youth

& a bottle of beer

moon & sand

one for the piano player

motiv di raggio

one for the trumpet

groove low down

sweet sucker

morning heartache

dance pork pie

get used to

strange fruit

hangin' around

them's that got  
writing letters

shall get

for conscience

them that's not

prisoners

shall lose

the ministry shuffles

help yourself

all that jazz

don't take

it still is

too much

news

Mama may have

change tempo

Papa may have

but our hearts

God bless the child

are full

Who's got his own
